## Section 15 - Regulatory Information

**Safety, health and environmental regulations/legislation specific for the substance or mixture****SARA Hazard Classifications** ● Not regulated**FIFRA – Pesticide Labeling**

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

**Precautionary Statements** ● KEEP OUT OF THE REACH OF CHILDREN**Hazards to Humans and Domestic Animals** ● Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes or skin. Due to the size and abrasiveness of the granule, use protective eyewear and clothing to minimize exposure during loading and handling. Wash thoroughly with soap and water after handling.**First Aid** ● IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.**Section 16 - Other Information****Last Revision Date** ● 24/January/2014**Preparation Date** ● 24/January/2014**Disclaimer/Statement of Liability** ● The information and statements herein are believed to be reliable but are not to be construed as a warranty or representation for which we assume legal responsibility.
